Shigeaki AOKI et al. : Attorney Docket No. 2006_0527A
Patent No. 7,823,416 : **Confirmation No. 4492**
Issued November 2, 2010 :
GLASS COMPOSITION AND METHOD
FOR PRODUCING GLASS ARTICLE

REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 CFR 1.323

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Patentees request that the above-identified patent be amended to correct an error in the spelling of the name of the Assignee on the first page of the patent, so that the Assignee reads as "Nippon Electric Glass Co., Ltd.", as indicated on the attached PTO/SB/44 Form.

The mistake to be corrected is of a clerical or typographical nature. The correct spelling of the Assignee's name is Nippon Electric Glass Co., Ltd. as apparent from the Assignment recorded in the PTO on December 20, 2006 at Reel 018739, Frame 0835, correctly naming the Assignee as Nippon Electric Glass Co., Ltd. The error occurred in good faith. When the Issue Fee Transmittal Form (PTOL-85) was presented to Patentees' Attorney (the undersigned) for signature, he did not catch the error in the spelling of the Assignee's name on this form.

Patentees' Attorney as a matter of practice, checks the Assignee information on the Issue Fee Transmittal Form against the Assignment to ensure that the information on the Issue Fee Transmittal Form correctly reflects the information in the Assignment itself. This time, Patentees' Attorney did not catch the spelling error in the name of the Assignee on the Issue Fee Transmittal Form.

Under these circumstances, Patentees submit that the instant request is proper, and should be granted.

The USPTO is hereby authorized to charge any fees under 37 C.F.R. §§ 1.16, 1.17, and 1.492, which may be required by this paper to Deposit Account No. 23-0975.

The required PTO fee of \$100.00 is submitted herewith.

Patentees note that the instant Request for Certificate of Correction is submitted in conjunction with a Request Under 37 CFR 3.81(b) filed concurrently herewith.

Respectfully submitted,

Shigeaki AOKI et al.
